

ANNUAL REPORT 2020-2021

Nikita Ketkar (CEO)

“

I am happy to present the Annual Report of 2020-21. Last year was a year full of challenges and innovations in the night school program. The Covid-19 pandemic played havoc everywhere.

The night schools were closed on account of Covid-19. Masoom re-opened immediately in March 2020 post the lockdown and started online classes for the 10th grade students. I would like to thank the Michael & Susan Dell Foundation, our donor who connected us to Avanti Gurukul and also thank our Tech-On-Wheel team who equipped us to initiate the online classes for the 10th grade. We successfully completed our Foundation Course with 80% attendance. 703 students attempted the same.

We were all completely taken by the zeal, enthusiasm and motivation of our Night School students to attend the online classes in spite of all odds including health issues. The online classes helped our students to complete the syllabus and discouraged them from dropping out. As we started, we realised that 19% of our 10th grade students did not have smart phone access. We launched a smart phone campaign which helped raise about 438 smart phones. With this we could support 289 of our 10th grade students.

Masoom, along with our corporate partners provided dry ration kits to Night School students in Mumbai and other parts of Maharashtra. Since, these students work on daily wages or work in the unorganized sector, most of them lost their employment. In effect, these students and their families faced a shortage of groceries due to their financial conditions. Masoom with the support of corporate partners and individual donors distributed 2800 grocery kits to needy families in Mumbai, Pune, Ahmednagar and Nagpur region. We have also distributed 3000 masks and sanitizing kits to students of Mumbai and other parts of Maharashtra.

Our Evening Learning Centers are fully operational with online classes attended in Gujarat 5 centers and in Maharashtra 6 centers. From the Evening Learning Centers, 21 students wrote the 10th grade exams.

Our Career Cell skilling programs were also online and students continued with skill learning online. Around 30% of our students lost their jobs because of the lockdown. The Career Cell stepped in and 184 youth were placed in different jobs with the approximate salary of Rs. 8000 on an average.

We are happy to share that the 3rd Tech-On-Wheel bus is coming up in Nagpur. The bus will be operational in the academic year 21-22. The bus will cater to NMC (Nagpur Municipal Corporation) and night schools in Nagpur.

I am also happy to share that I have been selected as an Ashoka Fellow. (www.ashoka.org) It is an international fellowship. I shall be called as a 'Special Relations Officer' for the time being.

Lastly, we will be focusing our energies on getting enrolments. Especially students who are enrolled should be engaged in online education and the ones who are out of school should be enrolled into schools.

I am extremely thankful to all the donors, volunteers and well-wishers who stood by Masoom during this difficult time.

”

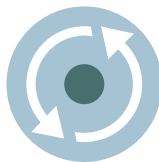

Vision

Empower, strengthen and transform Night Schools to ensure the youth learn better and earn better.

Mission

Enable Night School students to achieve their full potential through educational and policy support, leading to better skills and job opportunities.

Theory of Change

Provide resources and build capacity of Night Schools to facilitate the creation of a strong academic foundation leading to a broadening of the scope of career opportunities for students.

Our Night Schools

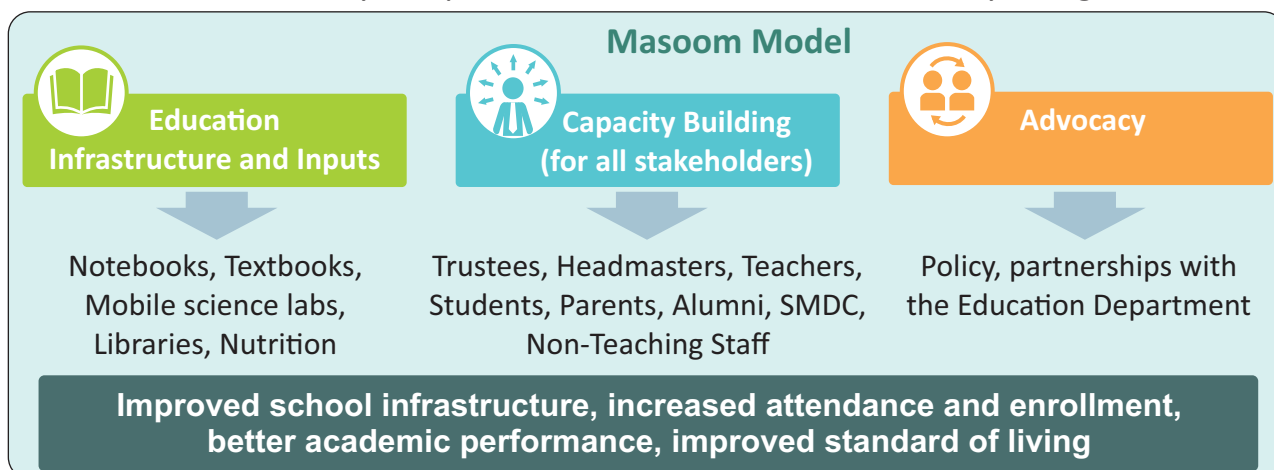

After serving in various administrative positions in the Civil Services over a period of more than 3 years, Nikita Ketkar left to start working in the NGO sector. At Save The Children India and Sahas Sports Foundation, while working on social projects, she discovered Night Schools and the issues faced by its students.

Nikita began her first intervention in 2006 through a participatory research project on 5 Night Schools of Mumbai. She was supported by Partners for Urban Knowledge Action and Research, PUKAR –a nonprofit providing fellowships to young researchers to facilitate their work on issues relevant to Mumbai. Her research project revealed that since Night School students work during the day, they have a strong personal thirst for education and this attracts them to such schools.

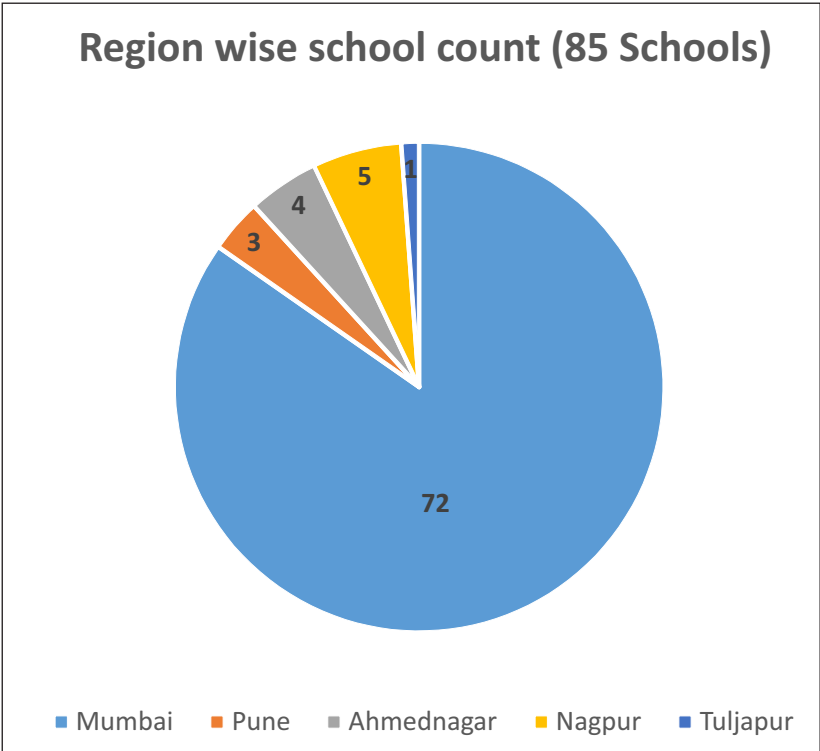

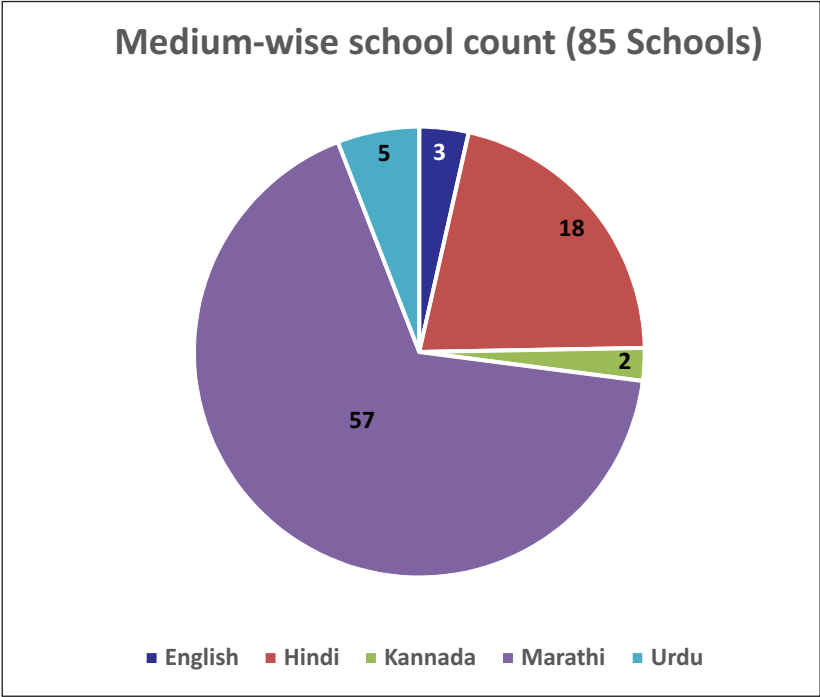

However, the lack of infrastructure and resources are serious impediments to their learning. Based on the conclusions of the research, Nikita and her research team identified an opportunity to form an organisation through which the problems of Night Schools could be addressed. Masoom was set up in 2008 and initiated a pilot intervention program in 2 Night Schools for the academic year 2008-2009. Currently it is working in 85 Night Schools across Mumbai, Pune, Ahmednagar and Nagpur. We plan to reach 174 Night Schools by 2025, impacting an estimated 15,000 Night School students in Maharashtra.

Empower, Strengthen and Transform Night Schools

Masoom aims to establish Quality Education in Night Schools, through its Night School Transformation Program (NSTP). The Program is specifically designed to meet the needs of Night Schools and its individual students. It is based on a 3-pronged intervention model consisting of interdependent focus areas for school transformation, namely Education Infrastructure and Inputs, Capacity Building for all Stakeholders and Advocacy. Masoom's Night School Transformation Program has been designed such that it can be easily replicated and implemented in schools and states across India. It is the only comprehensive model in use in the history of Night Schools.

In addition to the NSTP, we have three verticals –The Career Cell, Tech-on-Wheels (TOW) and Evening Learning Centers (ELC). The Career Cell focuses on skilling and employment for Night School students while the TOW program imparts technology courses through well-equipped buses to underprivileged students in Day and Night Schools. The ELCs support the out of schools, dropouts and adolescents to pass 10th grade especially in areas where Night Schools are not an option. We are planning to expand our NSTP model to territories across India.

Educational Infrastructure and Support

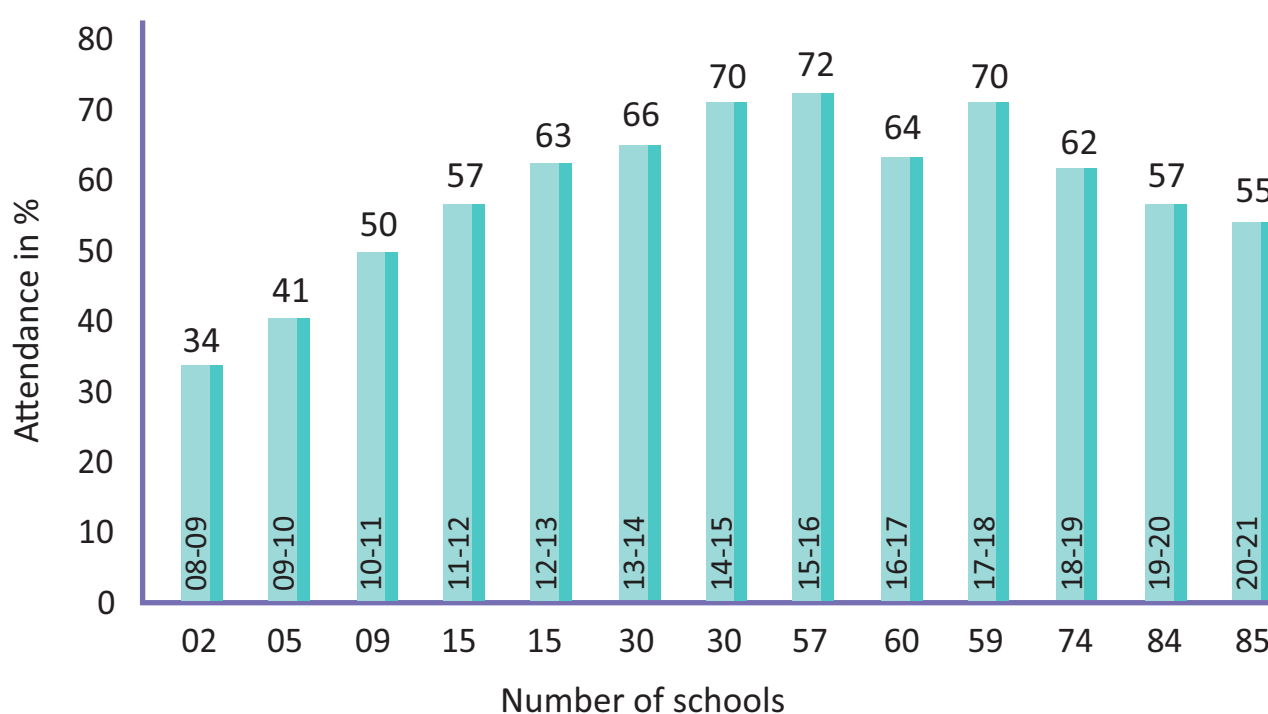

Masoom provides critical educational infrastructure support and resources. This includes basic amenities such as nutrition (evening meals), notebooks, textbooks, mobile science labs, library books, computers and material for audio-visual learning. Braille learning tools and Braille textbooks are provided to schools that have visually impaired students.

Night School Transformation Program Updates

Attendance in Masoom Night Schools

Material Distribution

Notebooks and Textbooks: 13115 Notebooks to 2457 students across 85 schools and 937 textbook sets to 9th & 10th grade students were distributed.

Smartphones: 289 students received smartphones who did not have access to online classes. We also distributed sim cards to students.

"I am very thankful to the school and Masoom who provided me with a smartphone for the online lectures. Thank you very much."

Athang Vijay Patil, Nalanda Vidyalaya, Borivali

"I am very thankful to Masoom for giving us food and other necessities during these crucial times and for helping us. We were provided with a recharged screen touch mobile for study with which I am currently studying. Thank you Masoom!"

Sunita Ram Milan Sharma, Vidya Vikas High School, Ghatkopar

SSC Material: 21 Sets - 434 Sets were distributed as per requirement. 1644 question papers & 24660 answer sheets + supplements were distributed across 85 schools.

Nutrition:

In response to the Covid-19 lockdown, we at Masoom provided dry ration kits to night school students in Mumbai and other parts of Maharashtra. Since schools were closed, it was not possible to provide cooked nutrition. Since night school students work on daily wages or work in the unorganized sector, most of them lost their employment. So, these students and their families were facing a shortage of groceries due to their financial conditions. With the support of corporate partners & individual donors, Masoom provided food grain kits to 2107 Night School students from 55 Night Schools of Mumbai, Pune, Nagpur & Ahmednagar region. Post Diwali vacation, we provided 700 grocery kits to schools as per requirement.

"Everyone's business was shut down because of the pandemic. So, what do we eat? This question came up. In such a situation, Masoom distributed food grains. It became very easy to handle the situation which helped to avoid this big question that arose in this time of crisis. Masoom also provided me with a mobile for online study which helped me continue my education and I was able to study well and also passed my class 10th exam this year with good marks. I am very thankful to Masoom for helping me so much."
Muskan Shamsher Sheikh, Meenatai Kurde, Girl's night school.

"I am very grateful to Masoom for providing educational material, grocery and sanitizers. My sir at Masoom always motivated me to attend school. All the Night School students can benefit through the online platform in this critical time."
Payal Pawar, Gokhale Night School, Dadar.

Masoom's grading tool is designed to regularly assess schools on various parameters that assign schools into 4 categories –D, C, B and A. An ideal school is assigned Grade A while a school that needs improvement in all areas is assigned Grade D. Masoom targets to upgrade all schools to Grade A –an ideal school with the best quality teaching, infrastructure and one that is self-sustainable through its School Management Development Committee (SMDC). On December 5, 2017 Masoom signed a 3-year partnership with the State Government of Maharashtra, wherein Masoom was required to align its grading tool in line with the Shala Siddhi tool of the State Government. This tool lays emphasis on outcome-based parameters such as enrolment, attendance and academic performance. The upgraded tool will help Masoom to enhance efficiency in program implementation by involving government stakeholders its NSTP. Accordingly, Masoom has revised its grading tool as per the Shala Siddhi Tool.

This standardised assessment tool has 36 questions for evaluation and 6 major indicators:

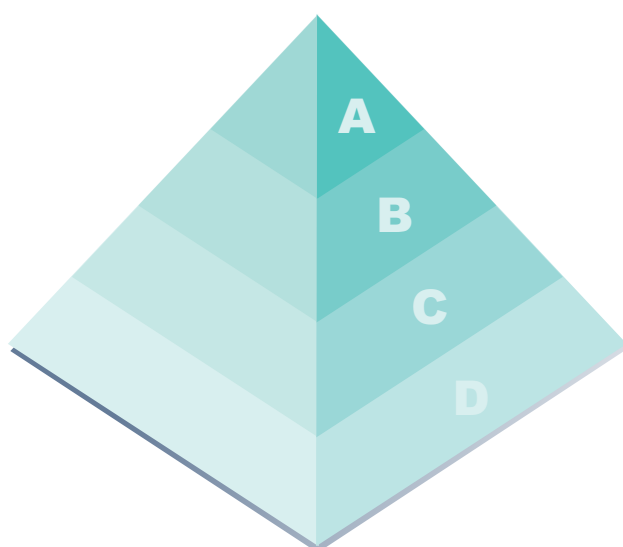

- | | |
|--------------------------------------|---|
| 1. Learning progress | 2. School leadership |
| 3. Community participation | 4. Enabling resources |
| 5. Teaching, learning and assessment | 6. Inclusive education and child protection |

The new grading tool has been implemented at the beginning of the academic year 2018-19.

Grading Parameters

Parameters	Weightage
Learner's Progress Incl. Enrollment, Attendance & Academic Performance	50%
School Leadership	15%
Community Participation	15%
Enabling Resources	10%
Teaching Learning & Assessment	5%
Inclusive Education & Child Protection	5%
TOTAL	100%

Grading Pyramid

Phased Out		
Total	85	85

Note – Since the schools were not operational due to Covid-19 lockdown, the grades of the schools will remain the same.

“Education is the movement from darkness to light.” By Allan Bloom

Education is a tool that skills, enhances, and enables an individual of their rights and duties. Education in society provides knowledge, basic facts, job skills, and cultural norms values. An educated society nurtures the younger generation providing them with the needed facilities and training.

Secondary level of education serves as a bridge between the primary and higher education. Thus, a high dropout rate at secondary level rules out any scope for these children to pursue higher education and vocational courses for skill-based employment options.

Also, these children are passing through a critical phase of adolescence characterized by onset of puberty and accompanied by numerous physical, mental, and social changes. Various adolescent issues can be witnessed. Thus, it is an extremely sensitive phase of development which if anchored with the right education and mentoring can go a long way in shaping their lives. Masoom is the first non-profit organization in Maharashtra and perhaps the only one in the state working towards raising the quality standards of Night Schools. The last year along with continuing our efforts for our cause we also had to prioritise the safety and well-being of the students and their families as we faced the pandemic.

Masoom's response to Covid-19

The outbreak of Covid-19 had a direct impact on the smooth implementation of Masoom's activities. To ensure minimal setback to our activities, the same were altered and conducted virtually.

Food grain distribution

In response to Covid-19 lockdown, we at Masoom provided dry ration kits to Night School students in Mumbai and other parts of Maharashtra. Since these students work on daily wages or work in the unorganized sector, most of them lost their employment. In effect, these students and their

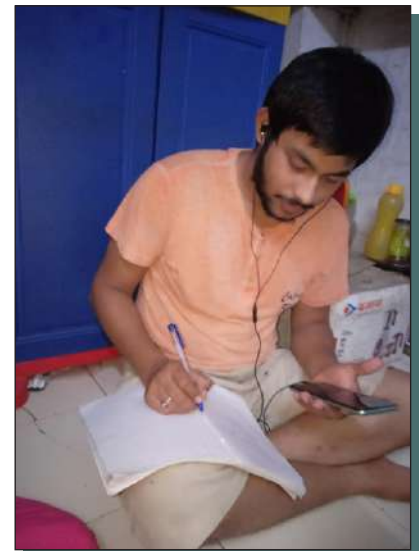

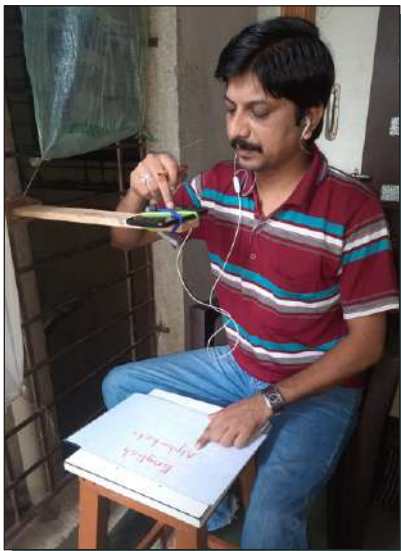

families were facing a shortage of groceries due to their financial conditions. Masoom with the support of

corporate partners and individual donors provided food grain kits to 1500 students of 55 Night Schools in Mumbai and other parts of Maharashtra. With the special support from HCL Foundation we were able to provide food grain kits to 557 underprivileged families in Nagpur area and food grain kits to 50 underprivileged families in Mumbai. In total we have distributed grocery kits to 2107 needy families in Mumbai, Pune, Ahmednagar and Nagpur region. We have also distributed 3000 masks and sanitising kits to students of Mumbai & other parts of Maharashtra.

Online Education Classes

Subject classes were held online for the 10th standard night school students (9th grade students who were promoted to the 10th grade) in Mumbai so that they don't fall behind in academics. Initial hand holding to pilot run the classes on core subjects (Math & English), was provided by Avanti Gurukul. Teachers were trained on the modalities of online teaching. Subsequently, all the subjects for all the grades were taught online. The students attended the classes through Zoom application using their smart phones. We received good response from the students for the online classes. We ran 18 batches

of Marathi, English, Hindi & Urdu medium students. More than 500 students from Mumbai, Pune, Ahmednagar & Nagpur have attended the same. Simultaneously we trained the school teachers on how to conduct online classes.

“Masoom and all the teachers that teach us are angels. I had to leave school in the fourth standard due to some financial problems, these virtual classes were blessing for me. We had amazing teachers for our batch, Tripathi Sir, Shelke Sir, Deore Sir because of whom I was able to grasp the basics of all the subjects. I am grateful to Masoom and I believe I have been eternally connected to it now.”

Nagraj Komolu, Dahisar Night School, Dahisar

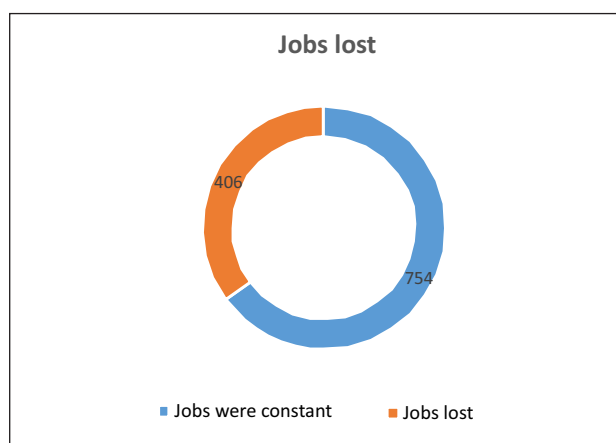

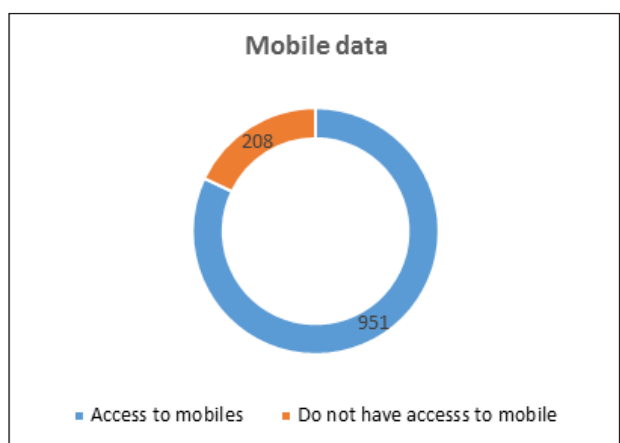

Online Survey

Masoom conducted a survey of Night School students (10th grade) during lockdown. A total of 1160 children were surveyed.

The Initial Findings of the survey are given below

- ▶ 82% of the students surveyed have a mobile, laptop or computer at home.
- ▶ 79.6% of students surveyed have internet access. From this, the majority of the students use mobile internet and some have Wi-Fi connection.
- ▶ 12.6% of the students have someone in their family who has been tested positive for Covid-19.
- ▶ 35% of the students in the survey have lost their jobs or have someone in their family who have lost their jobs during lockdown.
- ▶ Ration, employment and education are the top 3 urgent requirements for the families in the next 3 months.

This survey helped Masoom to understand the requirements of students and their families. Masoom was able to plan the intervention accordingly.

Smartphone campaign

Hailing from financially challenged background, around 30% of the students didn't have access to smartphones to attend the online classes. Therefore, we conducted a smartphone campaign to make the second hand smartphones available to the students. Once they finish their 10th grade, they will return it back to the school which can then be used by another student of the subsequent batch. We raised 438 smartphones from individual donors through smartphone campaigns.

Career Cell Webinars

Career Cell organized webinars in association with partner institutes for Night School students to create awareness about different career options available in the market specifically in light of Covid-19 crisis and subsequent lockdown. 650 students benefitted from these webinars.

SSC Results

The 10th grade formal exams were cancelled in May by the state government due to the rise in Covid-19 cases. Subsequently, there was a directive from the High Court directing the SSC Board to announce the result on the basis of the assessment criteria decided by the Board. The SSC board declared the SSC results on 16th July on the basis of internal evaluation submitted by the schools to the SSC BOARD.

We are happy to share with you that the overall result of the 85 Schools of Masoom in 2020-21 is 99.94 % which is an increase of 16.34% over last year's SSC result which was 83.60%. Following are the details:

Masoom results in comparison to Maharashtra State Results

Jurisdiction	Results 19-20	Results 20-21	Difference
Maharashtra	95.30%	99.95%	4.65%
Mumbai	96.72%	99.96%	3.24%
BMC Schools	93.00%	99.96%	6.96%
Non-Masoom Night Schools	76.81%	99.79%	22.98%
Masoom Night Schools (85 Schools)	83.60%	99.94%	16.34%
Overall Night Schools including Masoom	80.80%	99.84%	19.04%

85 schools have 100% result and 1 school has above 90% pass percentage. The first three toppers so far from Masoom adopted Night Schools are as follows:

Sr. No	Name of the Student	School Name	SSC Percentage
1	Ansari Mohammed Abdullah	People's Night School, Byculla	96.00%
2	Ansari Zaid Imran	People's Night School, Byculla	94.00%
3	Chaus Mohd Saquib	People's Night School, Byculla	94.00%

- Total students appeared in the SSC exam were 1685.
- Total students who passed the SSC exam were 1684.
- Total students who secured distinction were 159.
- Total students who secured first class were 716.

We would like to dedicate the success of this SSC results to all the stakeholders, Trustees, Headmasters, Teachers, Govt. officials and most importantly to the students for their efforts. Last but not the least, we would like to thank the donors for believing in our cause and supporting the Night School Transformation Program.

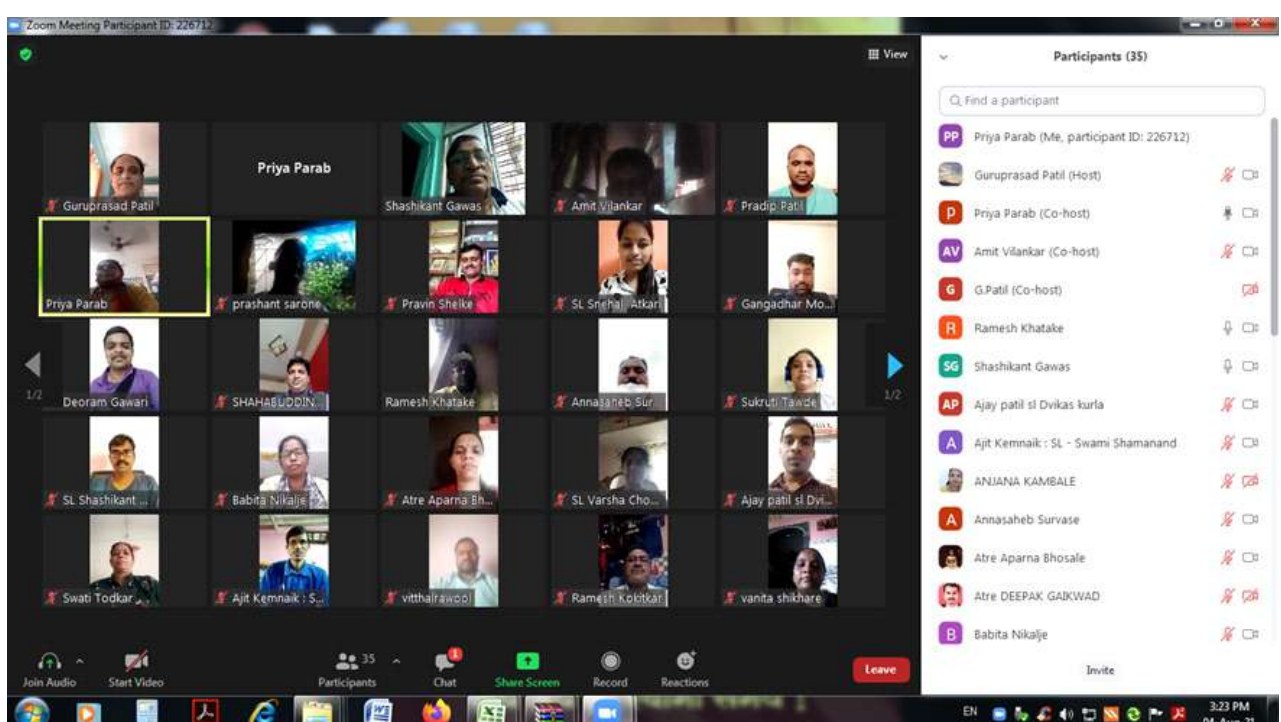

Activities under SSC improvement program

Training and mock sessions

During the lockdown period, we transitioned the program to online from offline. It was a totally inexplicable situation for the teachers as well as the students. However, at Masoom we didn't stop but instead started the online classes for students with the help of Avanti Gurukul. Since teachers were not tech-savvy, we conducted trainings and mock sessions for them. Masoom's Tech-On-Wheel team facilitated these trainings & sessions. Initially the training was conducted for school leaders and back up teachers appointed by Masoom. Post September, we also trained Night School teachers to start the classes at the school level. We were pleased by the response received from the teachers. More than 300 teachers prepared to conduct virtual classes by the SSC department team.

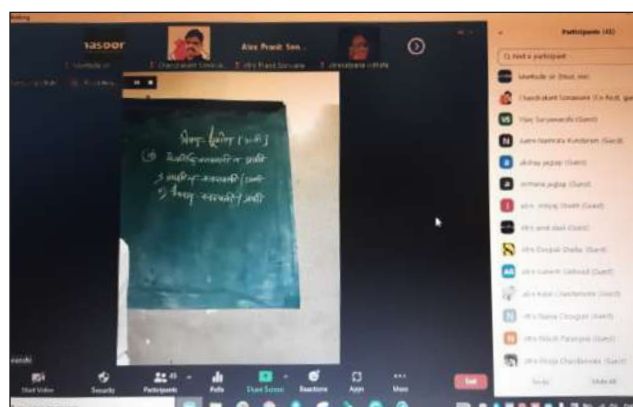

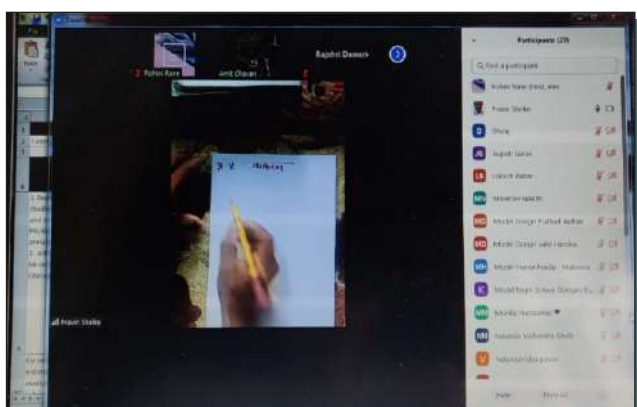

Foundation Course – At the beginning of Lockdown, SSC team imparted Foundation Course of English, Maths, Science & Marathi subjects to all the students. More than 500 students through 18 batches attended the online classes from Mumbai, Pune, Nagpur & Ahmednagar region. Students joined the classes through their smartphone on Zoom Application. Masoom has provided smart phones & Internet data to needy students. For Foundation Course, Base line & End line Exams were conducted for assessment of students' progress. 70 worksheets were conducted for Mathematics, Science, English & Marathi subjects (70 X 5 Medium=350 worksheets)

Subject teachers' training was conducted by Pratham Organization for 4 subjects, Mathematics, Science, English & Marathi -36 sessions were conducted in all.

Moderator sessions

Masoom facilitates moderator sessions towards the end of the academic year to help students prepare better for the board exams. Moderators are school teachers with at least 10 years of experience in assessing SSC Board papers. The key focus of these moderator sessions is to train students for time management, guide them on the SSC marking system, simplify the technique to write answers for below-average students and guide above-average students to score higher marks. Masoom organised 93 Moderator sessions across 24 Night Schools from the period of December 2020 to March 2021 as per requirement. Other teachers guided students at school level.

Mentor Sessions

Expert teachers conducted mentor sessions for subject teachers of Masoom supported schools. Mentors (Subject Expert) provided guidance to teachers, imparted innovative ideas to teach the new (changed) syllabus, discussed the paper pattern as well as provided tips to guide students to write correct answers to score good marks. Mentor sessions were conducted for English & Mathematics teachers on 18th February & 20th February 2021. Teachers & School leaders were present for the mentor sessions. 43 Math & 48 English teachers attended the sessions.

Extra classes on Sundays / holidays

Masoom organised SSC extra classes in 85 Night Schools for revision of the topics. The duration of the classes was 4 hours daily. Though all the subjects covered (including social sciences), 80% time was given for Mathematics, Science and English. The School Leaders and School Teachers conducted the classes. Masoom also provided expert teachers wherever required. The average daily attendance of the extra classes was 950 students. Total 528 extra classes were conducted for SSC students during Diwali vacation, on Sundays and holidays.

"I am extremely thankful to Masoom and Khadki School for giving me an opportunity to complete my class 10 during the pandemic. Although we were unable to physically attend school, Masoom provided an online platform for me and my class. We covered the foundation course within the stipulated time. In my batch, we had Maths teacher, Khatke sir, Marathi Teacher Sunil sir; they are all very understanding and considerate to all the students who work by day and study in the evenings. Once again, I am thankful to Masoom and all my teachers."

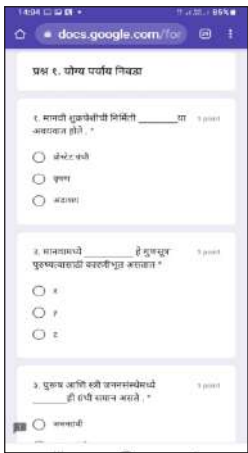

Mani Mandal, Khadki Night School, Pune

Bright students' classes

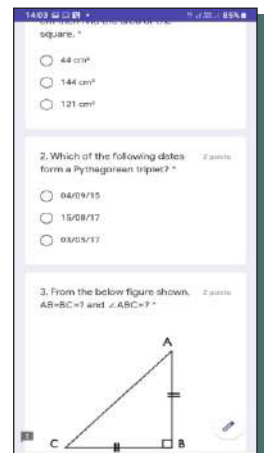

The classes are specifically targeted towards improving the performance of above average students appearing for SSC examinations. Subject experts were appointed to help improve student learning and to address their queries. 59 students attended 44 extra classes up to their board exams.

Prelims exam question and answer papers were given to students for practice. The question and answer papers were set as per Board pattern for students' practice.

Worksheets

We initiated the worksheet program for students. 10th standard students of all mediums, Marathi, Hindi, English, Urdu & Kannada solved more than 54 worksheets provided by Masoom (54 worksheets X 5 Mediums = 270 worksheets). Each worksheet consisted of objective questions worth 20 Marks. For practice of theoretical questions, Masoom conducted written exams for each subject.

Appointment of School Leaders

Due to government apathy, most of the schools are facing shortage of teachers after the implementation of new staffing patterns of appointment of day teachers for night schools. Schools have a shortage of teachers and lack subject wise teachers' inclusion. It disturbs the atmosphere in school when all teachers teach all subjects to a grade. The SSC students face the brunt of this situation as the syllabus stays incomplete till January,

before prelims. And sometimes even before the board exam in March! This affects the quality of education as well as SSC (Secondary School Certificate) results. All these factors result in students losing interest in attending school regularly and a decrease in SSC pass percentage.

To deal with the issue of non-availability of teachers, Masoom decided to provide one School Leader per school. The school leaders played a

very important role in implementation of NSTP. They divided their time between Masoom's admin work in school as well as actual classroom teaching. 50% of their time was devoted to classroom teaching and the other 50% was given to conducting NSTP activities in school. Masoom appointed 77 school leaders.

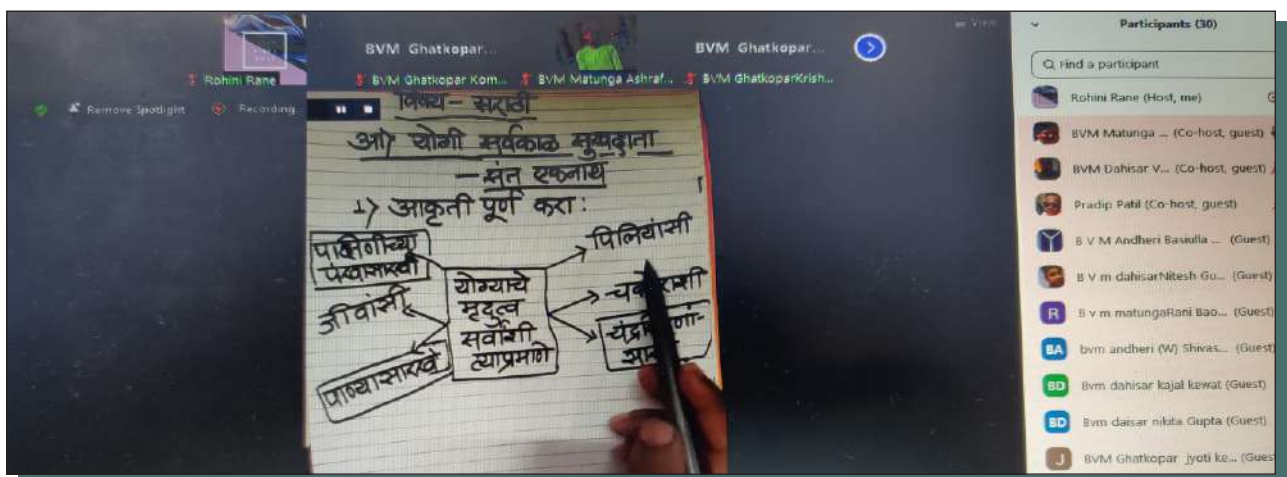

Appointment of backup teachers

Many schools lacked subject teachers even after providing one School Leader. Masoom appointed a total of 29 subject teachers as per the needs of the schools.

"Masoom organisation is the golden ray of light for night schools. It is the source of inspiration that helps create the world from zero. Masoom is effectively carrying out the difficult task of keeping night school students in the stream of online education when schools are closed due to the coronavirus pandemic. As a teacher, various training sessions organized by Masoom gave me new ideas and techniques for teaching. Masoom team is like a family and I am proud to be a member of this family."

Mr. Amit Murlidhar Chavan, School Leader, MA. B.Ed.

Out of 85 Night Schools, 58 conducted online classes on their individual level. 27 Night Schools were not able to conduct online classes due to shortage of teachers, hence Masoom stepped in. These 27 schools were divided into 7 centers & we conducted online classes daily from 6.30 To 9.00 PM (December to April) & completed the syllabus of all subjects.

Program For students with Special Needs

Visually challenged students' program

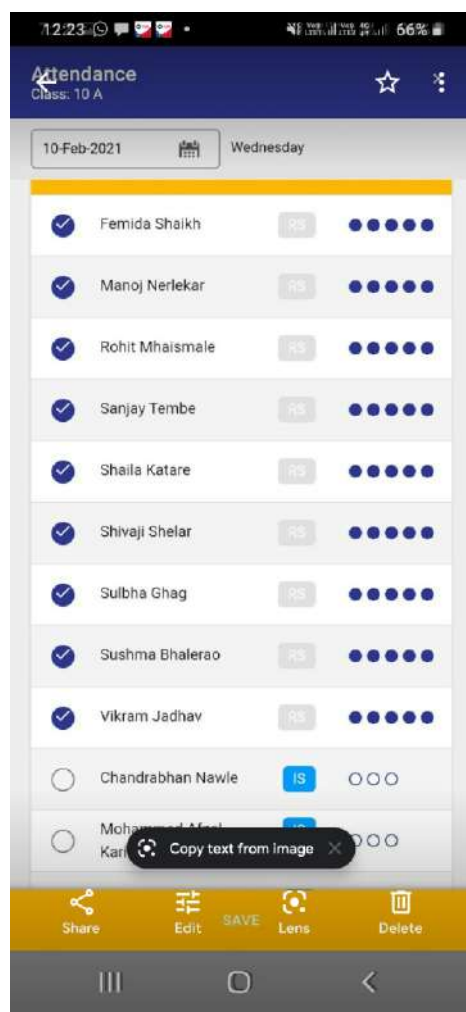

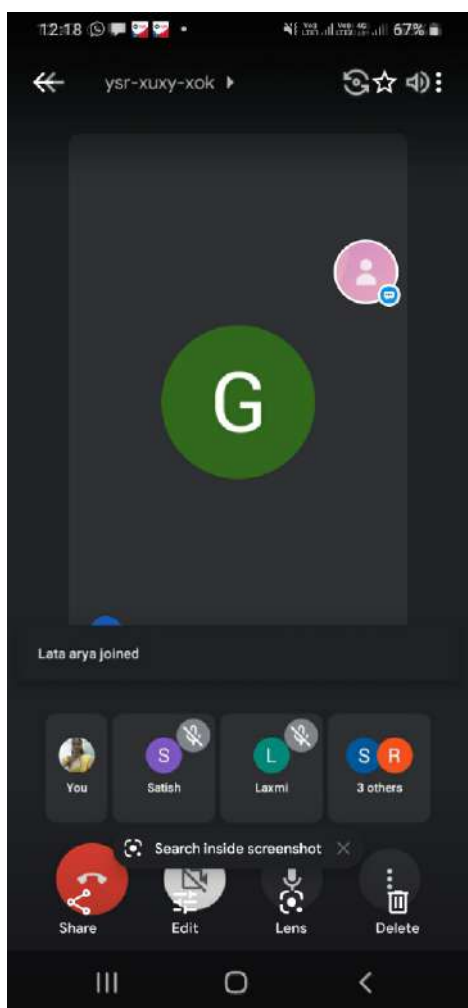

Enrolments and support

Masoom enrolls visually impaired students by contacting 4 vocational training institutes that provide skill training to visually impaired students. The students are from varied backgrounds and the majority are from rural areas. These institutes are supported by the government and provide stipend to students taking skill training. Masoom representatives conduct a meeting with the students and inform them about Night Schools where they can complete SSC as well as receive support from Masoom.

The visually impaired students take admission in two schools namely Maratha Mandir Night School Worli and Utkarsh Night School, Worli.

In the academic year 2020-21, a total of 6 visually impaired students appeared and passed their SSC examination. Because of the pandemic, all lectures were taken virtually via Google meet and the entire syllabus was completed. This year we could not conduct field visits or picnics.

This year Masoom donated 1 android mobile to Vikram Jadhav for attending online classes.

“Choose a job you love, and you will never have to work a day in your life.”
—Confucius

The Career Cell was established by Masoom to help the Night School students to make the right decision about their career. Initially, the Career Cell focused on creating awareness of various career options available to the Night School students after passing SSC and providing them information about the institutes offering various skilling courses. Very soon it was realized that the students also need financial support to take vocational training or go for higher education in spite of scoring well in exams. They will not be able to achieve their full potential if they are not provided financial support and continuous guidance.

Career Guidance Sessions

Online virtual group guidance sessions have been conducted in 81 Night Schools covering 1639 students. Career cell staff have provided one-on-one career guidance via telephonic calls to all these students. Students were guided about various career options available after the SSC & HSC exam.

Short-Term courses

The main agenda of this project is to enable night school alumni to attend vocational courses. These short-term courses are conducted over a period of 3 – 18 months. These are job-oriented courses that enable students to improve employment prospects. Masoom started providing scholarships for deserving students to complete short term vocational/skilling courses during the year 2020-21. Masoom's Career Cell provided scholarships to 248 students (156 boys and 92 girls) to do short term courses such as Nursing, Electrician, Computer Application, Fashion design, Hair styling, Beauty parlour, Fire and safety management, Cargo handling etc.

“I am very thankful to Masoom for providing me support for the Diesel mechanic course and PPCA (Professional Program of Computer Application) course. Diesel mechanic field is challenging for girls. But with the guidance and the support of Masoom, I could do the course and currently I am able to contribute for my family.”

Laxmi Bhosale, Modern English School, Kings Circle.

Long- Term Courses

The long term professional courses are a bit specialised & easily accessible. Interested students are given enrolment to these courses on a merit basis as these courses cannot be conducted in-house. 79 students (54 boys and 25 girls) were provided support for Long Term professional courses. These courses include Hotel Management, Physiotherapy, Engineering, BBA, BCA, BMS, CS, CA, CMA and MSW etc.

“Now that I have completed my education, I am capable of chasing my dream. Thank you Masoom!”

Deepak Gaikwad, Sahakar Night School.

With the support of Masoom, Deepak completed Massage and Spa therapy from Tulip International Spa Institute and now provides services to clients at their residences through Urban Clap.

Entrepreneurship Development Programs

A brand new initiative by Masoom to provide 28 students support for entrepreneurship development programs; Photographer, Snacks center, Beauty parlor, electrician etc. It is a one-year program where with the Skill Path Institute we provide an extensive skill development course. We also provide seed capital and incubation support to the students after completion of their course.

Placements

Candidates successful in completing courses are placed in various companies. So far over the past year, we have placed 184 students and their pay package has increased from Rs. 6000/- to Rs. 12000/-. Due to the pandemic, last year batch students are still undergoing courses and placement is also progressing.

“Masoom gave me a good opportunity to learn new things. I am very thankful to Masoom”

Ranvir Balvir Singh, Sane Guruji Ratra Vidyalaya, Bandra

Ranvir is working in State Bank as a plumber. He is doing a full-time job and completed the ITI plumbing Course from Don Bosco Institute with the support of Masoom.

Year	Long Term			Short Term			Job Placement		
	Male	Female	Total No. of Students	Male	Female	Total No. of Students	Male	Female	Total No. of Students

Year	Micro Entrepreneur			Webinar Data - Career cell			Career Guidance		
	Male	Female	Total No. of Students	Male	Female	Total No. of Students	Male	Female	Total No. of Students
2020-21	22	8	30	571	464	1035	1175	464	1639

Extra Activity

A) Career readiness Volunteer engagement program - Career cell is conducting a career readiness volunteering program for the students with the help of United Way Organization. This program is helpful to the students prior to their job placements. This training will be a ready reckoner that will pave the way for better placements. This program mainly covers topics like, resume writing, job interview skills, grooming and soft skills, financial literacy etc.

B) Positive & Motivational thinking Career Awareness Webinar - Career planning and a clear vision is less about a rigid plan and more about having the tools you need for the journey of navigating your career. These webinars are helpful for the students to provide these tools. How to define what you want from your career by understanding the difference between your wants, more clarity, scope, strengths, and values. Till date we have organized 22 career webinars pertaining to different sectors having career opportunity relevance and till date around 1035 students have benefited by attending them.

C) Chair Donation

There are many factors affecting our students for online education. Sitting endlessly in front of a device can cause back aches. As a gesture, Masoom distributed 82 chairs to the needy alumni & entrepreneur Night School students. The students expressed their heartfelt gratitude to Masoom and J.P. Morgan for receiving a chair. Standing up, stretching every 20-30 minutes, taking short breaks allows their muscles to relax. Resting in between studying and doing work on devices helps them attain better focus.

D) Foods Kit distribution

In response to Covid-19, Career cell provided dry ration kits to night school Alumni students in Mumbai. Since these students work on daily wages or work in the unorganized sector, most of them lost their employment. So, these students and their families were facing a shortage of groceries due to their financial conditions. With the support of Tech Mahindra Foundation, we provided food grain kits to 150 Night School alumni.

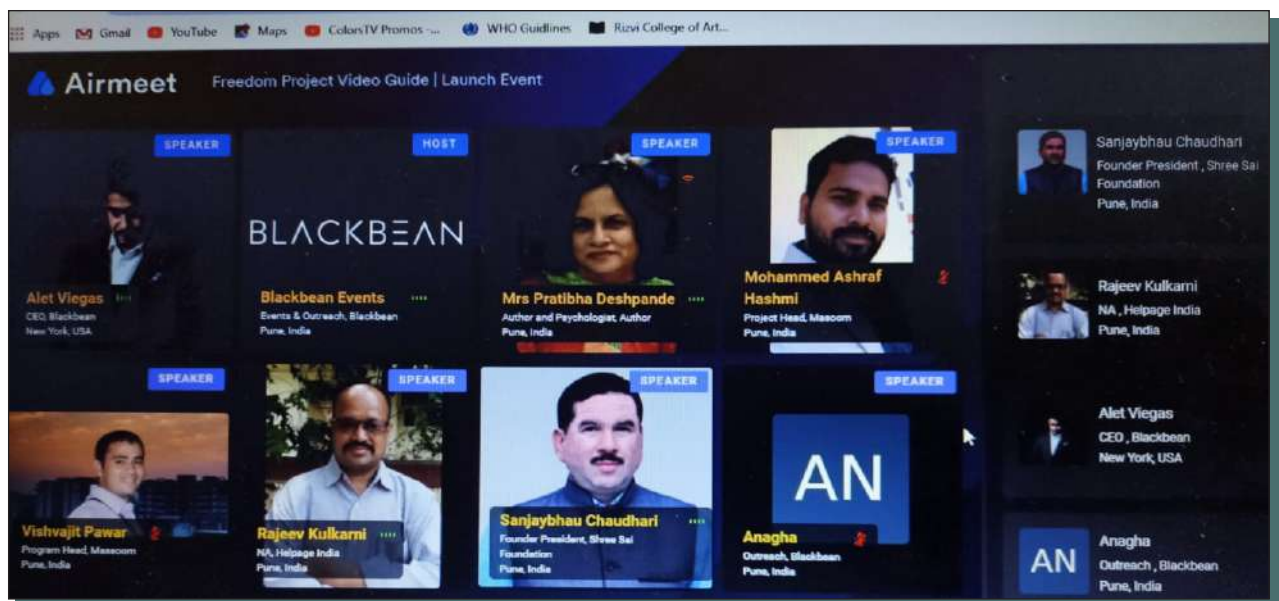

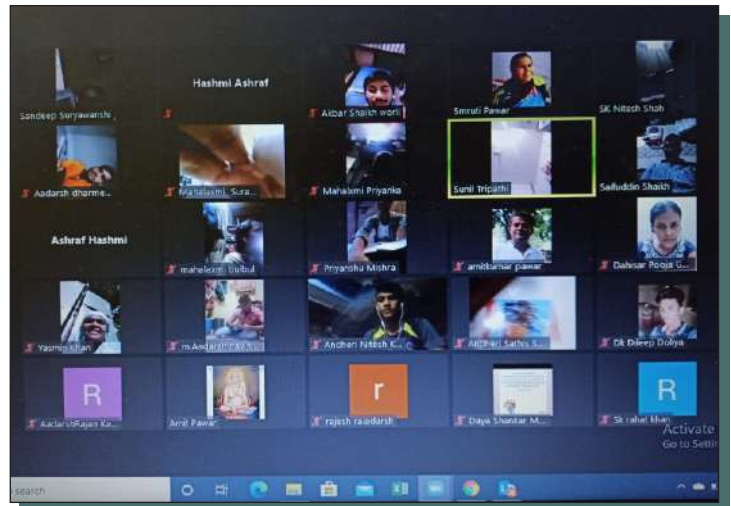

TOW bus did not run in the communities and school in the wake of the pandemic. We supported the online education classes under the Night School Transformation Program for 10th grade students, so that they do not fall behind in academics. The entire technical support for online classes including training staff and students to join in the classes etc. was provided by Tech on Wheels team. 500 students from Mumbai, Pune, Ahmednagar and Nagpur attended the online classes. The TOW team will keep supporting the NSTP team until the lockdown is entirely lifted and schools reopen.

- ▶ Capacity building for Masoom staff & teachers using an online platform
- ▶ TOW team provided the technical support to NSTP online classes.
- ▶ TOW staff assisted PM/PH to conduct online classes.
- ▶ TOW team supported the night school students to create Email Ids and gave technical knowledge for using Zoom App.
- ▶ Conducted training for NMC teachers & HM in Nagpur on how to navigate using online platforms.
- ▶ Prepared poll forms and enabled it during online training.

- Technical support was provided to all staff through TOW Team.
- TOW team worked with Solve education to bring alive the Bridge course worksheets through gamification. 170 worksheets have been completed and Solve education will make the gamified version of the worksheet by April - 21 end.
- TOW trainers attended training on artificial intelligence.
- Our buses have undergone maintenance; repairing of dents, painting, equipment repairs etc. The TOW staff supervised the same.

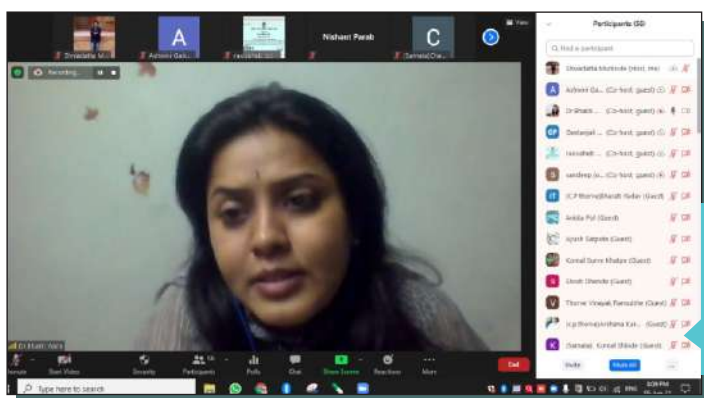

Evening Learning Center (ELC)

Masoom is planning to expand its model by establishing Night Schools in other states as well as in other areas of Maharashtra. The Evening Learning Center program is specifically designed to support the out of school students / dropouts to pass 10th grade especially in the areas where alternative models like night schools or other platforms are absent. The ELC model is similar to the NSTP model, keeping high focus on supporting the students to prepare for 10th grade exams. This model can be run with Govt. Partnership as well as with the community partnership. Masoom has signed an MOU under the Vibrant Gujarat Scheme to set up ELCs in Ahmedabad.

ELCs offer 1-2 years opportunity to students to learn holistically and gain better life skills along with the 10th grade Certificate.

Currently a total of 11 ELCs are operational across Gujarat and Maharashtra state. 3 ELCs are running in Ahmedabad region of Gujarat. We have an MOU with Samagra Shiksha, Gujarat state education department. Masoom has an MOU with the DEO of Bhavnagar. The DEO Mr. Varun Kumar was keen to have an ELC model in Bhavnagar to cater to the 10th fail students. Masoom has set up 2 more ELCs on February 21 to cater to the students who could not pass the SSC examination.

Dr. Bharti Ware
Conducting mental health session during Covid-19 for our Samata ELC.

In Mumbai we have set up 3 Evening Learning Centers in the tribal belt of Goregaon, Aarey Colony. This is a semi-urban location and a stand-alone model for Masoom. Masoom is providing education & infrastructure inputs while community organisations are supporting with the space and enrolment. However, the enrolments are a challenge due to the second wave of the pandemic.

Pune - 3 centers are fully functional in Pune. Masoom has tied up with local community NGOs to implement the ELC project in Pune.

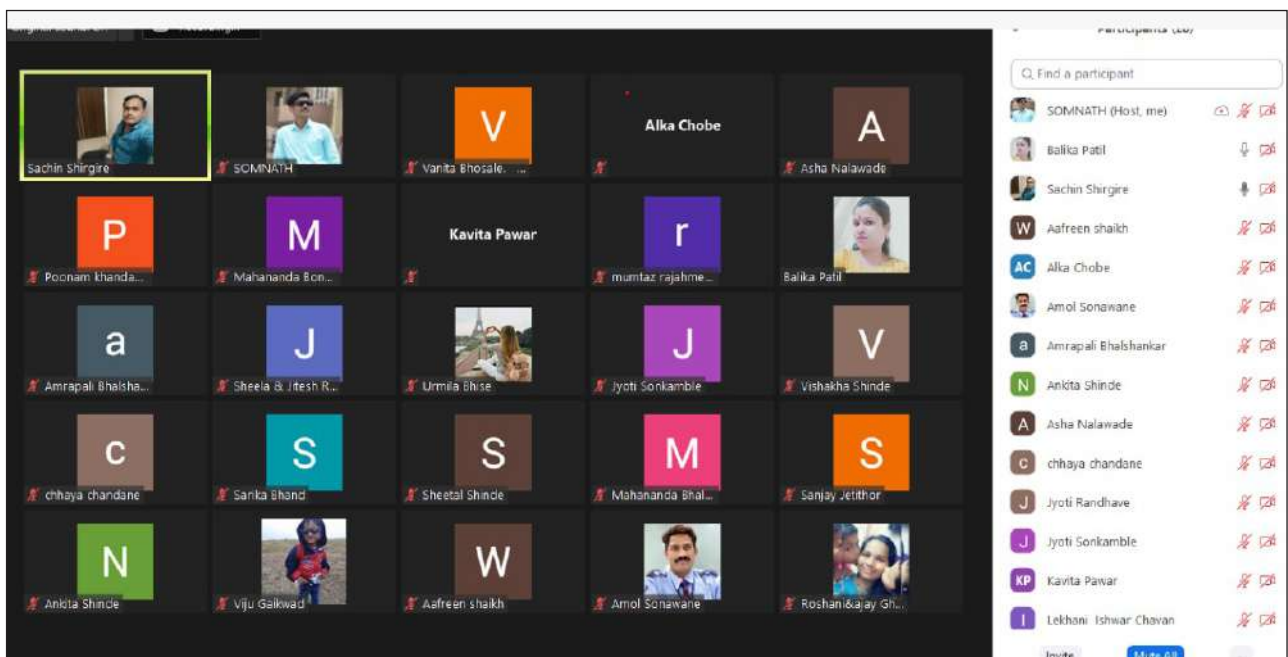

Total enrolment details for all ELC Centers:

Gujarat ELC	Pune ELC	Mumbai ELC
189	215	163

Jharkhand is the first ever government funded model. The Dy commissioner of Ranchi has approved the project at his level and it is now with the state government for further approval. Once approved, Masoom shall commence its operations. With the help of local community organisations & NGOs Masoom will set up 4 ELCs in the coal mining region of Ranchi.

In **Uttarakhand** we were approached by a couple of NGOs to set up ELCs . We are exploring possibilities of setting ELCs with the Education Department, Uttarakhand. The areas identified are Haldwani in Nainital district, Rudrapur, Rishikesh & Haridwar.

Capacity Building

Masoom works closely with various stakeholders in the schools such as the School Management Development Committee (SMDC), Trustees, Head Masters (HMs), Teachers, Students, Alumni, Parents and Non-teaching Staff. Masoom organizes training sessions and workshops for these stakeholders.

A meeting with the Mayor was held to share Masoom and Night School Transformation Program details.

Common Trustee Meeting

Headmaster & Trustee Meeting We conducted an online Headmaster and Trustee meeting on 22nd July to finalize the strategy of online classes and online enrolment. 56 Headmasters & 22 trustees from Night Schools attended the meeting.

Outcomes of the meeting –

- ▶ Masoom will provide smartphones to the students in need as per Standard Operating Procedure (SOP).
- ▶ All trustees ensured to follow a proper SOP of sanitization after re-opening of schools. Online class monitoring will be done at school level but planning, time table, teacher training will be provided by Masoom.
- ▶ Masoom to share online enrolment response sheet & online enrolment link form to school stakeholders
- ▶ YouTube videos to be shared for easy access to students.

All the trustees and headmasters promised to support Masoom program.

Headmaster common meeting

Headmaster's meeting was conducted on 19th December 2020. Discussion focused on “using the Ezee test app” for online classes. Total 71 Headmasters were present for the meeting. It was decided to discontinue the use of the Ezee test app for online classes and continue with Zoom application.

We conducted an online Headmaster common meeting on 11th & 13th January 2021. The agenda was – To update the enrolment status and planning for online enrolment ahead. Considering the pandemic situation, SSC results improvement plan was discussed in detail.

- ▶ SSC result improvement plan
- ▶ 8th – 9th online classes status & next plan
- ▶ Attendance improvement plan for all 3 grades

A total of 63 headmasters attended the meeting.

Advisory Meeting – Total of 4 advisory meetings were conducted. 3 meetings were conducted on an online platform and 1 offline meeting by maintaining social distancing norms. The issues discussed in this meeting were online enrolment, virtual classes, SSC, Drishti App, Ezee App, Zoom App. All the Advisory committee members actively participated in the discussion and gave suggestions/inputs.

Advisory committee offline meeting held on 8th February 2021 at Masoom office. Committee members have assured that they will discuss with other school head

masters on the following topics: next 3-month SSC results improvement plan, enrolment and attendance of 8th & 9th online or offline classes.

School Leaders Training

Masoom appointed school leaders as a support to the schools as well as to Masoom. The school leader is the bridge between school and Masoom. A total of 5 School leader meetings were conducted this year. The meetings aimed to update them about conducting online classes, SSC result improvement plan and other technical issues. We have appointed one School leader in each school to teach one subject & coordinate Masoom online program. In the meetings, SLs shared their experiences as well as the problems they faced while working.

Capacity building of Masoom Staff

Tech-On-Wheels team conducted regular training and meetings with program staff to familiarise them with online platforms.

Masoom organized Staff Capacity building sessions for program and back office staff. Sessions were conducted on the following

topics - on MIS, online Zoom, Ezee test, Google, Child Protection Policy, HR Policies, POSH committee & Career Guidance. During these sessions, our staff was introduced to Masoom policies and it helped clear a lot of doubts harbouring within the employees. Various departments shared their work and experience. Majority of the meetings were held online.

Internal staff training/update meetings were conducted at Masoom office for program staff. These meetings were aimed at reinforcing the strategies to improve the SSC results.

SMDC members common training

School Management and Development Committee (SMDC) is a body formed in each school (as per Rashtriya Madhyamik Shiksha Abhiyan). This committee is a representation of all key stakeholders of Night Schools which includes representation of Trustee, Headmaster, Senior Teacher, Parents, alumni students and Social worker from the community. The SMDC helps school for execution of the school development plan, raising resources for schools and to help sort out school problems like enrolment etc.

This year SMDC meetings did not take place due to the pandemic. Only a handful of schools conducted SMDC meetings online. The SMDC members expressed their inability to raise the material for schools.

Advocacy

Masoom takes various initiatives to effect policy level changes in favour of Night Schools. Our aim is to create visibility for Night Schools through advocacy. This includes raising awareness among the key decision-makers and the public, of the urgent need for policy level changes and their implementation.

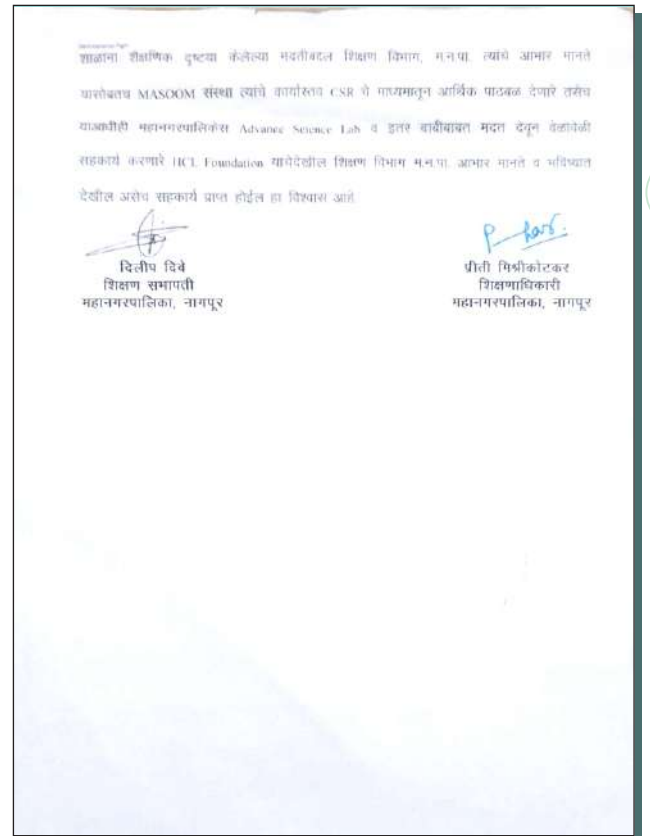

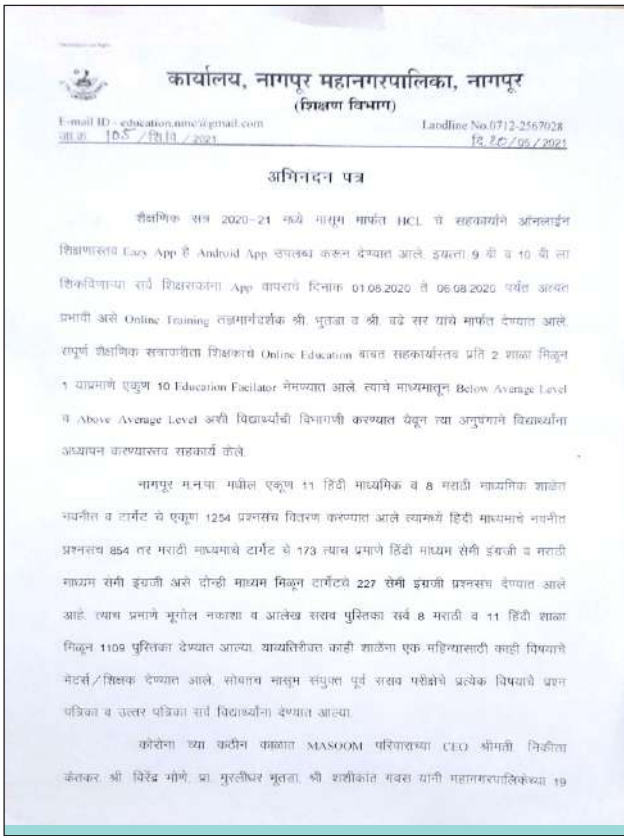

Meeting with Ms. Vandana Krishna (Education Secretary, Maharashtra State) for strengthening partnership for online classes and online enrolment.

Constant meetings are going on with officials from the Education Department to streamline the online program at school level.

We conducted 2 meetings with NMC officials to share the plan of teacher training and virtual classes. We continue to work with 19 NMC schools and we have reached out to 1074 students who appeared for their SSC examination.

Meeting with NMC officials regarding the NMC online program – We had a meeting with NMC officials on 23rd September for sharing a plan of teacher training and starting subsequent virtual classes. Ms. Preeti Mishrikotkar and Mr. Vinay Bagle from NMC attended the meeting.

Masoom has recently got an official letter from Nagpur Municipal Corporation to work with 19 NMC schools in collaboration with HCL foundation.

Enrolment Drive 2020-21

During Lockdown, field enrolments were slightly challenging so we worked on an online enrolment strategy. Enrolment done through google forms. We also engaged our partners and celebrities in the drive who appealed to the general public and employers to send youth to Night Schools. We created and showcased videos on social media to reach out to more audience. As the lockdown rules relaxed, we also went into the community to further our enrolment drive.

Awareness sessions

Mr. Nilesh from program team conducted general awareness sessions in all the Night Schools on the following topics –child protection, children with special needs, health & hygiene, substance abuse and gender discrimination. The objective of the session was basically to create awareness among the students towards child rights & protection issues.

"Shikshak Vikas Manch" is a capacity-building online platform for ELC staff to come together to learn and share. Masoom is running 11 ELCs -"Evening Learning Center" across 3 locations – Gujarat, Pune & Mumbai. Masoom has decided to have this platform for 2 hours twice a month where teachers will focus on topics like skill-building, pedagogy, etc. Around 30 ELC staffs will be a part of these sessions.

An awareness session on '**Understanding Child Abuse and Child safety**' was organized by Arpan for Masoom team. A total of 30 staff from program and backoffice attended the same.

Child Rights Week

Masoom observed child rights week from 14th-20th November 2020 in collaboration with Arpan. We circulated posters and videos through all our social media accounts to raise awareness. To culminate the week a session was conducted by Nilesch Thombre (Masoom staff) to sensitize people about child rights and child protection.

Award by Times of India Group

Every year the Times Of India (Maharashtra Times) Group gives scholarships to 50 students. These students are selected among approx. 16-17 lakh students. We are extremely proud to share that 8 Masoom Night School students have been selected for this prestigious scholarship. The scholarship money amounts to approximately Rs. 15 Lakh. For the year 2020-21, Muskan Samsher Shaikh from Meenatai Kurude Night School has received this prestigious Times of India scholarship.

Mantarlele Divas

Masoom has compiled a book named "Mantarlele Divas" based on the journey of online classes. The journey has been put together by Mr. Shashikant Gawas (SSC Head-Masoom). This book shall be published soon in Marathi & English language.

Mohammad Abdullah Ansari – SSC Topper 2020-21

Mohammad, born and brought up in Mumbai lives in a family of 5. His father, the sole earning member with a monthly income of approximately Rs.20,000/- runs a small-scale business of printing & advertising. As Mohammad has 2 more siblings, educating all of them has been challenging for his father.

Mohammad secured 1st rank by scoring 96% in SSC 2021. He was provided with textbooks under Night School Transformation Program of Masoom. He has interest in computers, and aims to study Software Engineering. He plans to apply for 11th (Science) in M.H. Sabu Siddik college in Byculla but his family cannot afford the college fees therefore, he is searching for scholarships. Mohammad is very grateful for all the support he has been receiving from Masoom.

“My family and I rejoiced with happiness after receiving my results. I resolve to work harder and be more successful in my life. It is with God's grace and my parents hard work that I have been able to achieve such great marks.”

Shraddha Kishor Chabukswar

Shraddha lives in Yeravada, Pune along with her husband and son. Shraddha dropped out of class IX due to lack of interest in education and also her family's poor financial status. Later, she got married, and had a son. Over time, watching her son study, she realised the importance of education to secure a decent job. As luck would have it, her son saw a WhatsApp forward about ELC on Shraddha's phone. He convinced Shraddha to enrol for her SSC. After more than 20 years, Shraddha took admission in a school. It may well be the very first time in history that a son has signed as a guardian for his mother's education.

Shraddha started attending Masoom's Nirman Evening Learning Center, Pune (supported by Bajaj) for completing her 10th std. Her husband drives a school van but the pandemic saw the closure of all schools. His income reduced from Rs 8000 to Rs 6000 per month. This made Shraddha resolve stronger and she secured an astounding 82% in her SSC exams. With the trainings she received for online classes, along with the encouragement she has become confident and positive. Every teacher appreciates her for her clear and crisp responses and for taking initiatives and motivating other students in the online classes.

Shraddha's goal is to advance in the field of photography, video making, editing and we wish her the best in all her endeavours.

“I am thankful to Teachers, Center head and Masoom staff for helping me to get 10th std pass. It was not possible without their support. Thanks to all.”

"Our Company has known 'Masoom' for 5 years now. Although many NGOs are in the field related to Education, we liked the concept of Masoom giving a second chance at completing education to school drop-outs. Many such students drop out for personal socio-economic reasons & by offering them a chance to get back into the system and complete their education till high School, is wonderful. It not only enhances their literacy levels but also substantially enhances the opportunities for career enhancement. Apart from the Night Schools / Evening Learning Centers, Masoom also supports them for higher education, life skills, computer literacy etc. and that improves their overall personality development. I am sure they come out more self-confident after their stint with Masoom than when they had opted out of the education system.

Our best wishes to Masoom & it's dynamic team for bringing in many more such youth within the ambit of education!"

Hoshang Irani, Jewalex India Pvt. Ltd.

I clearly remember the day in July 2016 when there was an inauguration ceremony of Masoom library at Mysore hall. That was my first visit to Masoom along with my role model and Director of Rajiv Gandhi Center, Mumbai University Late Mr. Chandrakant Puri sir. After that, many of our students did their internship at Masoom for their social work course. We got special guidance from the founder of Masoom, Ms. Nikita Ketkar. We started the Masoom Mitra concept in 2019 at Nagpur. The objective behind it was to strengthen the work of Masoom through public participation. After the sudden demise of Dr. Chandrakant Puri I have been wholeheartedly connected with Masoom and giving my best to support Masoom. Best

wishes to the entire team of Masoom for their future endeavors!!

Prof. Amey Sunil Mahajan, SNDT University

What a wonderful way to give back to society during the Pandemic. It was indeed a very gratifying experience to be able to teach the students of SSC online in partnership with "Masoom".

In all 14 volunteers actively participated in the event and taught students English, Maths and Science virtually via zoom sessions for 4 weeks. It was great team work with wonderful support received from Gawas Sir and team to ensure successful completion of each session.

Looking forward to collaborating for more such events in the future!

"Being a working mother, I have always wanted to participate in these teaching sessions. Considering these sessions are now online, I have been able to enroll. It was a wonderful experience firstly preparing for the session and the satisfaction of having a good session. I couldn't resist capturing the positive feedback shared by the students. Overall, a wonderful experience and would like to thank your team for the opportunity."

Aisha Mulla

"The sessions are well organised. As of now, I have completed 2 sessions and it was thoroughly gratifying."

Yogesh Medhekar

Education in lockdown period and Masoom's commendable activities.

Students have been deprived of education and school due to the sudden outbreak of Covid-19 and subsequent lockdown. Online education started all over the world to continue the education of children. Masoom also adapted with the changing situation and began online classes for Night School students. Firstly, the concept of online education was totally new for teachers and students. Teachers were not tech savvy to handle the situation. So Masoom arranged training sessions for them to handle online platforms. We arranged mock sessions & doubt solving sessions for teachers. A strong team of teachers was formed to coordinate & facilitate the program. A special team was available to handle the technical side. Students also got familiarized with the situation and the impact of this could be seen in the results of increased pass percentage.

Masoom also provided groceries, educational material to students who had lost their jobs/income sources during the lockdown. From Bhai Satta Night School, a total 104 students appeared for the board exam and passed with good grades. All the credit of this success goes to CEO of Masoom Ms. Nikita Ketkar, SSC Dept. Head Mr. Gawas, Mr. Guruprasad Patil, Sandeep Suryawanshi, Kamlakar Mane, Ankush Jagdale and PM Ashok Chindhe.

Mr. Sunil Susare, Headmaster, Bhai Satta Night School, Ahmednagar

Being a Headmaster of Night School, we face lot of difficulties frequently. While dealing with the problems, I met with Guruprasad Patil of Masoom and got connected with Masoom. Many of our issues were resolved after getting in touch with the officers. Masoom not only provided notebooks, textbooks, nutrition but also arranged for e-learning facilities to provide effective education. Smartphones were provided to the students who did not have access to join online classes. Various workshops are organized to guide the students. Similarly financial support is provided to the students to pursue higher or vocational education of their interest. I am truly grateful and thank Masoom's CEO Ms. Nikita Ketkar and team for supporting Mritunjay Night School.

Tukaram Borse, Headmaster, Mritunjay Night School, Kandivali

In light of Covid-19 crisis and the uncertain lockdown situation, Masoom has made the online classes as a part of regular activities. We are trying to reach the maximum number of students with the support of the government of Maharashtra through MOU. Training programs will be continuously arranged for the teachers.

We have set up 11 ELCs across Maharashtra and Gujarat, catering to more than 700 out of school children. Jharkhand ELC is approved by the government and we are exploring possibilities of setting up ELCs in Uttarakhand. The program will be implemented with the support of a local government and community partner.

We are supporting 30 students to set up micro enterprises / to create self-employment through the Entrepreneurship Project. These students are undergoing a course and post that Masoom will provide them a seed capital to set up their own enterprise or enhance the existing one.

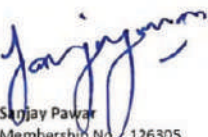

Our third Tech-on-Wheels bus is going to be operational from November 2021 in Nagpur region. HCL Foundation is supporting the project. We will provide computer education to 700 students in the first year through the bus.

FORM NO. 10B

[See rule 17B]

Audit report under section 12A(b) of the Income-tax Act, 1961, in the case of charitable or religious trusts or institutions

We have examined the balance sheet of **MASOOM** [name of the trust or institution] PAN **AACTM1118K** as at **31/03/2021** and the Profit and loss account for the year ended on that date which are in agreement with the books of account maintained by the said Trust or institution.

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of the audit. In our opinion, proper books of account have been kept by the head office and the branches of the above-named trust visited by us so far as appears from our examination of the books, and proper Returns adequate for the purposes of audit have been received from branches not visited by us, subject to the comments given below:

These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on the test basis, evidence supporting the amounts and disclosures in the financial statements. An Audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion and to the best of our information, and according to information given to us, the said accounts give a true and fair view-

Nikita Ketkar – Founder, CEO

Nikita is a postgraduate in Political Sciences from Mumbai University. Nikita has an exciting and varied background; she has worked as a Journalist, a lecturer and a social worker before qualifying for the Indian Civil Services. Nikita was involved in research into the educational challenges faced by night school students. The research was carried out along with the night college students. Nikita worked with several NGOs in the field of education before establishing Masoom.

Vidya Shah

Vidya is the Executive Director and Head of the EdelGive Foundation. She is responsible for providing strategic direction to the Foundation as well as guiding its overall development. Vidya holds an MBA from the Indian Institute of Management (IIM), Ahmedabad.

Vineet V Ketkar

Mr. Ketkar is a Chartered Accountant and has worked with numerous corporate organizations before establishing his own accountancy practice. He has been of invaluable help in establishing and developing the accounting systems used by Masoom.

Dr Chandrashekhar Bangargi

Mr. Bangargi is a Doctor by profession. He offers a wealth of experience and support regarding health issues.

Suryakant Yashwant Deshpande

Mr. Deshpande works with Navneet Publications as Academic Consultant. He is the former headmaster of KMS Night School, Parel.
